Giving back to the community

The background of the slide is a textured, olive-green surface. It features a dark silhouette of a world map. Overlaid on the map is a target with concentric circles. In the lower portion of the image, there are silhouettes of industrial structures, including what appear to be oil rigs or drilling platforms. A large, rounded magenta rectangle is positioned on the left side, containing the title text. A smaller, solid blue square is located above the magenta rectangle.

Our Coverage Story

Our network is big, fast & well-respected

- **3G Coverage:** 3G 200M people in 2009
- **Investment:** \$10 Billion

Issues Facing T-Mobile

- Spectrum
 - Need for additional 800 MHz under 3GHz
- Roaming
 - Data roaming should be covered
 - In-market exception should be eliminated
- Network Neutrality
 - Reasonable network management critical to ensure best user experience for wireless
- Backhaul
 - Major cost of broadband deployment
 - Few competitive choices in low density areas

**Thank
You**
